WG Meeting Cluj-Napoca, Romania, 18-19 April 2016

Description:

The Strategic Working Group Meeting is planned for two days and all WG members are invited. Short presentations by all present WG members on their specific expertise, facilities and contributions to SIPs will be followed by a discussion on the intensification of collaborations to reach the goals of the Action and on the sustainable development of the Action. Funding schemes for international cooperations and suitable EU programmes (in Horizon 2020) as well as possible national programs will also be presented and discussed for future potential applications.

Expected outcomes:

Identification of potential collaborations to further strengthen the Action and to reach the goals stated in the MoU. Identification of potential future joint applications by WG members to national or international funding schemes.

1st day: meeting of the WGs

- ✚ General information on possible funding schemes (national, binational, international, EU, ...) available for the network members (Romanian expert)
- ✚ Short scientific background of WG members related to SIPs and relevant for the expected outcomes of the meeting: short presentations by WG members attending on their scientific background (shortly summarize expertise/research area/areas related to SIPs, facilities, methods/equipment available, already existing collaborations within SIPs, potential contributions to proposals). Please include up to three relevant recent publications related to the subjects of interest for future collaboration and the link to your website for further information.
- ✚ Round table discussions on possible collaborations between all participants followed by reflections in the evening during the joint dinner

19:30 – 21:30 Joint dinner

2nd day: meeting of the WGs – wrap-up

- ✚ Round table discussions between all participants on specific topics for intensification of collaborations to reach the goals of the Action.
- ✚ New research collaborations involving members of different WG groups as a result of the networking within the COST-SIPs Action, present and future.
- ✚ Strategic planning for intensifying collaborations to reach the goals of the Action and for future joint proposals to be submitted to the EU or other funding agencies.
- ✚ Wrap up the discussions from the previous day, define the future strategies and discuss an action plan related to the intensification of collaborations in SIPs and future preparation of joint research proposals.

✚ Concluding remarks

✚ Prospective end: around 11:30
